

What Should I Include in my Session Proposal?

- 1) Session Title. You enter this into paper management system in title line.
- 2) Authors/Presenters/Moderator. You must provide **all** author/Moderator/Presenters names with one being identified as the presenting author. You **must** provide working e-mail , as this is the only way staff will communicate with authors.
- 3) Session proposal.
 - **Description** - This is your opportunity to sell your idea to NTPC. What will take place during this 60-or 90-minute program. Is this a panel, debate, tradition etc. What will the audience learn? Why is this important, new, different, innovative? **Will the audience participate somehow, anything unique about the program? Can the audience use what they will learn? Why should it be part of Structures Congress?** 250-500 words If you have abstracts connected to your session, please identify the title of each and authors/presenters. If not, please clearly state who is presenting in your session on what topic.

Please remember all presenters are required to register for the conference and attend.
